For Residential, Offices & Commercial
Buildings. Quality. Innovation. Service. Excellence.

Introduction

Background

Nesma Orbit for Industrial Projects and Commerce was established in 1994 in Jeddah, Saudi Arabia. The company specializes in the supply of finishing materials from high-end customized products to stock for commercial projects. Our products include porcelain, ceramics, quarry tiles, terra cotta, mosaics, natural stones and more.

We offer our services to a wide range of clients including architects, engineers, interior designers and private individuals.

Clients trust us because we speak their language. They also know that Nesma Orbit is synonymous with superior quality, an exceptional showroom experience and unsurpassed expertise.

By customizing our services for every client, we can advise on appropriate material use, design solutions, and installation procedures. Moreover, we offer maintenance recommendations and extensive know-how that has been honed from more than eighteen years of experience in a highly demanding market.

Our company is in the business of nurturing ideas with innovative approaches and we take great pride in our results. Our projects include palaces, private residential villas, restaurants, beauty salons, commercial projects, residential compounds, hotels and shopping centers.

Visit our showrooms to view the finest in porcelain and ceramic tiles, decorative items, natural stones (marble, limestone, granite, slate, quartz, and travertine), sanitary items and mixers, parquet flooring, and door handles.

Nesma Orbit is in the business of nurturing ideas with innovative approaches and we take great pride in creating a unique visual language with our results.

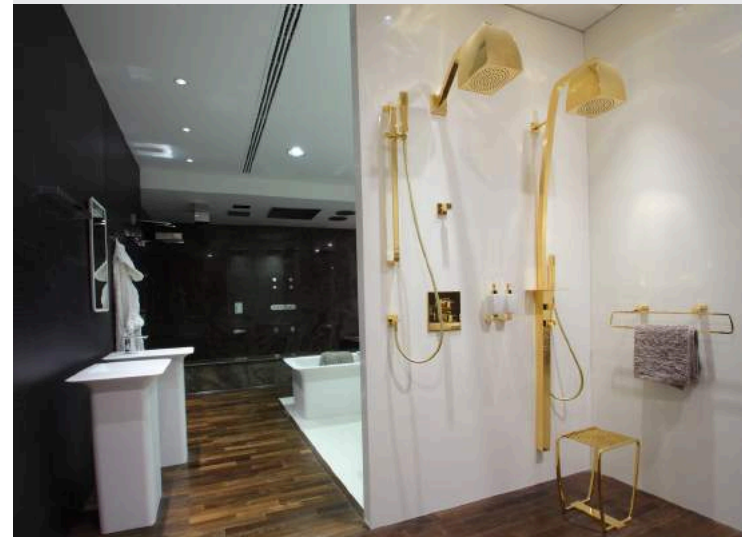

Showroom Experience

Over the years our company has grown both in size and the success of our business. As a result, we currently operate three showrooms in Saudi Arabia, with our head office located in Jeddah, and two other branches in Riyadh and Al Khobar.

We believe that our showroom experience is unrivaled. From the moment a client walks through the door, there is an immediate sense that the experience will be highly interactive. Our showrooms

are specifically designed to accentuate an abundant array of products in assigned corners, display rooms, and within functional displays. For the client, this means that the collection, combination, and visualization of different material types and color palettes are made easy.

Our experienced showroom staff guarantees each client a personalized experience, tailored assistance and excellent advice. This is the case whether visiting our general showrooms or meeting in our on-site consultation and presentation rooms.

NESMA ORBIT

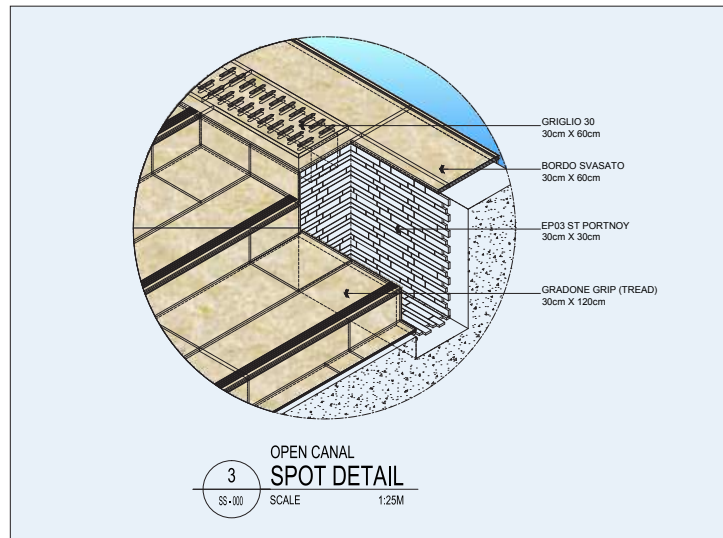

We believe that for a company to be the best, it must provide the very best in services, expertise and products. At Nesma Orbit, this starts by employing the most qualified people.

Our experienced team includes architects, engineers, interior designers, procurement specialists and technicians. Our Auto Cad department, staffed with engineers and architects, produces drawings of all kinds, including professional site measurement, as built drawings, detailed shop drawings and cutting lists.

It is our team's diversity that ensures clear communication in the trade languages of our varied clients.

Clients may rest assured that we have the expertise to source and procure the most distinctive materials from leading artisans and manufacturers, as well as to provide expert advice on choice of materials, installation and maintenance. Our products are distinctive in terms of style, cutting-edge innovation, and quality production.

We believe that for a company to be the best, it must provide the very best in services, expertise and products. At Nesma Orbit, this starts by employing the most qualified people.

Products

Porcelain & Ceramics

Nesma Orbit is the sole distributor of some of the best known and respected Italian brands such as Lea, Mirage and more. We can offer the most complete range of Indoor & outdoor porcelain stone wear with many colors & sizes, several collection that meets all designs such as classic, modern, wood imitation, marble imitation and other different natural stones. All of our products come in a variety of sizes and colors and will enhance the beauty of any surface or design. Superior quality and artistry ensure minimal maintenance, durability and effectiveness.

The leader in creative solutions, Nesma Orbit promises to transform your space into an environment that is both sophisticated and beautiful.

Mosaics

We offer a wide variety of mosaic tiles made of glass, ceramic, porcelain, metal, wood and natural stone that will please even the most discerning clients. Our company is the leader when it comes to creative solutions. Whether you choose traditional mosaics, stone mosaics or ultra-modern glass mosaics, we promise to transform your space into an environment that is both sophisticated and beautiful.

Outdoor Tiles

A unique feature of modern design and architecture is the use of materials and forms traditionally found indoors in outdoor settings. Recognizing this post-modern design trend, Nesma Orbit offers a full line of tiles for outdoor use in projects that aim at radiating a subtle but unmistakable air of luxury.

As Saudi Arabia's exclusive agent for tiles produced by Kenzai Ceramics, Nesma Orbit now provides designers and architects with the tools for adding an aura of chic sophistication to just about any surface, ranging from indoor settings to swimming pools, driveways, car parks and home patios.

Our tiles present granite-like characteristics making them perfect for outdoor use. They have passed testing standards in the US (ASTM) and the EU (EN87) and are prized for their durability and strength. They are resistant to mildew, frost, thermal shock, scratches, stains, chemicals and fading. They are also slip-resistant and feature low water absorption.

Nesma Orbit offers a full line of tiles for outdoor use in projects that aim at radiating a subtle but unmistakable air of high-end luxury.

The creative possibilities are endless at Nesma Orbit, due to our extensive range of colors and textures, together with the expert skills of our craftsmen.

Decorative Expression

Nesma Orbit also takes the lead in providing decorative expressions that enhance our products. We ensure both uniqueness and elegance from the most creative artisans in Italy with Petra Antiqua, Arezia and more.

We know that it is our attention to the smallest details that makes the biggest impact when designing the most distinctive spaces. The creative possibilities are endless due to an extensive range of colors and textures, together with the expert skills of our craftsmen.

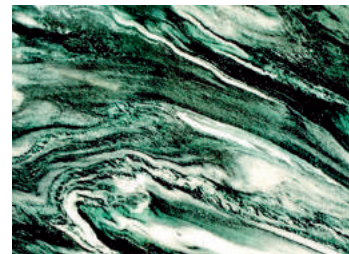

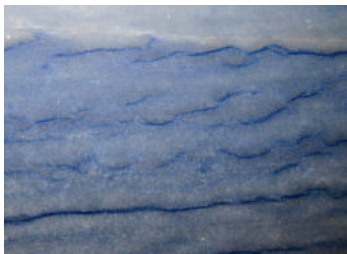

We also search the world to find unique accent items for our clients. This requires regular communication with premier art houses worldwide. We have the experience and the contacts to locate the most distinguished art pieces available to accentuate any style and personality.

Marble and Stone

Nesma Orbit specializes in the inspection and sourcing of the most refined selection of marble and stone. We do this by maintaining good relationships with a network of suppliers, stone mills and quarries around the world. This enables us to offer many rare and new stone products to the Saudi Arabian market.

We are experts in marble, travertine, granite, onyx, limestone, slate, quartzite and semi-precious stones such as agate and amethyst, as well as petrified woods and fossils.

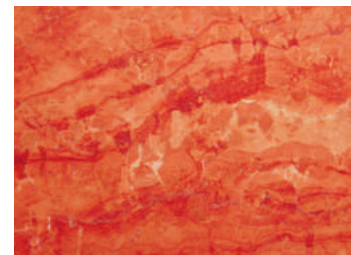

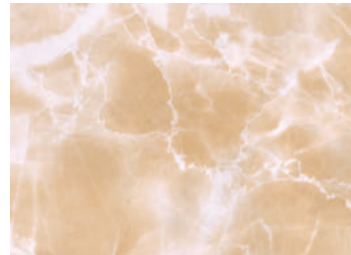

At Nesma Orbit we are experts in marble, travertine, granite, onyx, limestone, slate, quartzite and many semi-precious stones.

Our marble collection is the place to start for formal spaces that exude sophistication. We carry numerous colors including deep green, silver, pink, brown, beige, white, and many more. At Nesma Orbit's marble factory, customized cutting is flawlessly executed using powerful water jets, detailing machines and cutting machines.

We also carry a selection of sandstone and slate. Both are perfectly suited for functional spaces, inside and out-of-doors.

Should you desire to explore the beauty of natural rocks and stone mosaics, just pay a visit to one of our showrooms.

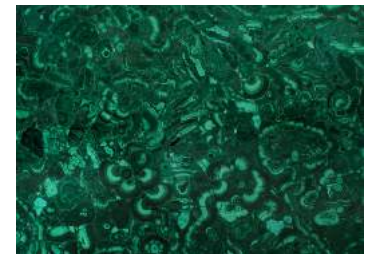

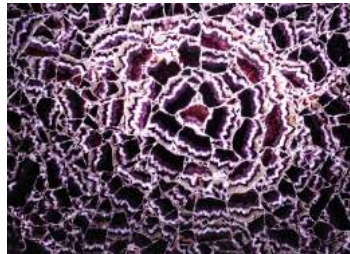

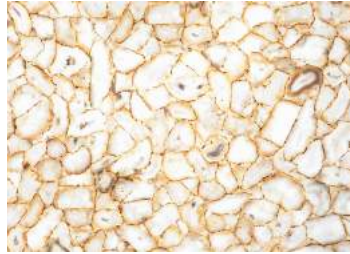

Semi-Precious Stone

Semi-precious stone is usually thought of as an element of necklaces, pendants, bracelets and rings. Nesma Orbit, however, can provide you with the same sense of luxury afforded by fine jewelry but on the walls, countertops and other flat surfaces of your dream home.

Sourced from Maer Charme, the semi-precious stone provided by Nesma Orbit can add unique and exciting color and texture to any space. Especially when backlit, semi-precious stone lends your rooms a special glow and a unique warmth. Get a sense of a primeval forest with the deep brown hues of polished petrified wood. Feel the vibrancy of blue agate. Luxuriate in the soothing warmth of red jasper and be calmed by the soothing deep green of malachite.

Nesma Orbit brings you the highest quality in stain-resistant semi-precious stone that can be customized to add a profound and unique sense of luxury to any space.

Sanitary

At Nesma Orbit, we supply an impressive and full range of contemporary, traditional and modern mixers and sanitary accessories.

This includes an exclusive collection of basins featuring stone washbowls and glass washbasins.

As an exclusive distributor for GESSI, we have the expertise to create bathrooms that are not only luxurious and innovative, but atmospheres of harmony and sophistication. Our GESSI collection offers purity of form and proportion, two factors that have made GESSI design famous amongst architects and interior designers around the world.

Another addition to the Nesma Orbit brands family is Falper, a product line that features a modern design style for him & her with an Italian spirit that makes the bathroom into a new experience.

Uniquely designed, Falper products include furniture, washbasins, bathtubs and accessories. The artistic elegance and original touch translates into shapes and proportions that make each product an instant classic.

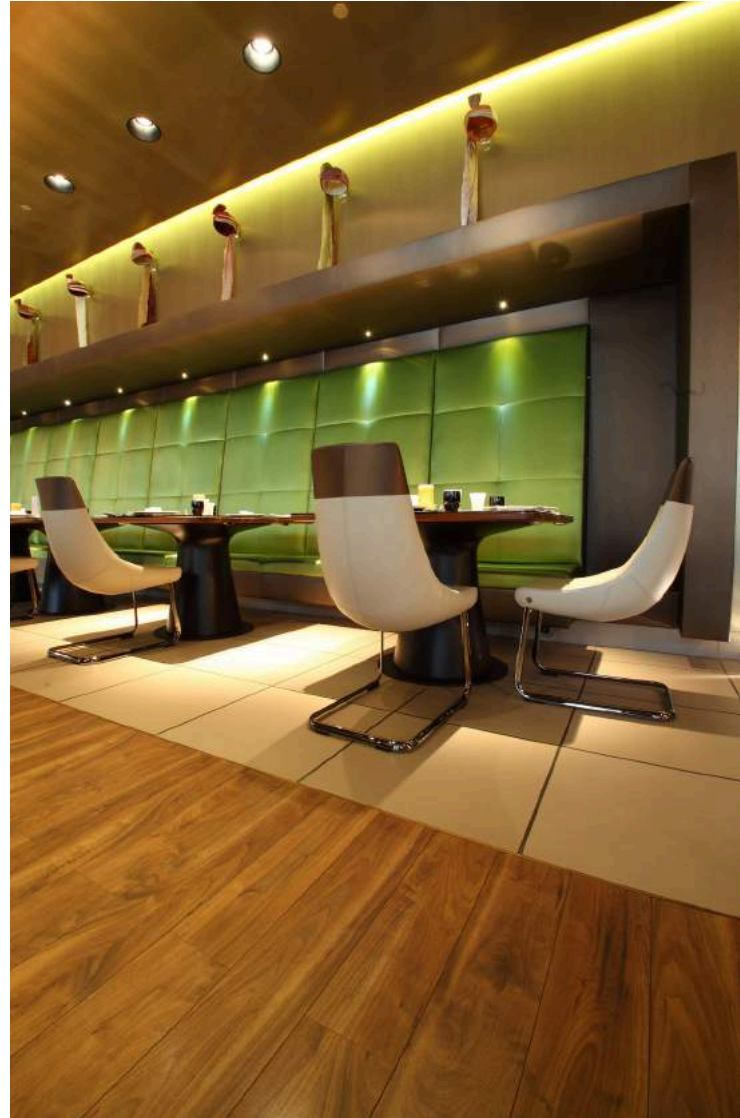

Whatever the requirements of your bathrooms, we guarantee the best items available in the market.

Parquet Flooring

Parquet flooring adds style and warmth to any setting. We have partnered with Weizer Parkett, one of the leading parquet manufacturers in Europe, to offer a complete line of engineered and solid wood parquet solutions and finishes. The end result is a higher standard of parquet that is guaranteed to be beautiful, faultlessly assembled, durable, maintenance-free and extremely long lasting.

Nesma Orbit offers a higher standard of parquet that is guaranteed to be beautiful, faultlessly assembled, durable, maintenance-free and extremely long lasting.

Door Handles

Our company supplies a range of high quality and beautifully designed architectural door handles including designer door handles, knobs, pull handles, cabinet handles, traditional and antique handles, as well as customized bronze and metal handles to meet every decorating requirement.

Aesthetically pleasing in both design and purpose, our Olivari line of products will allow you to make the optimal choices for every project. Olivari is the first hardware producer in Italy to introduce handles to the architectural world.

Architects know that Olivari means the most up-to-date products and finishes at superior quality and with a 30 year guarantee.

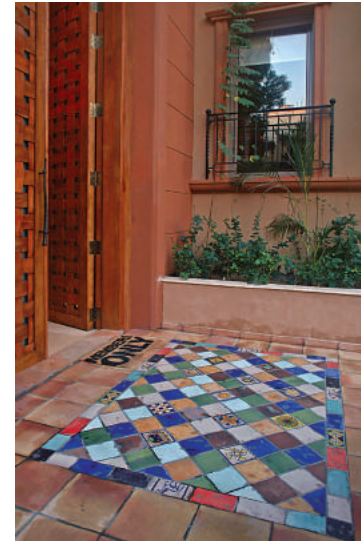

Conclusion

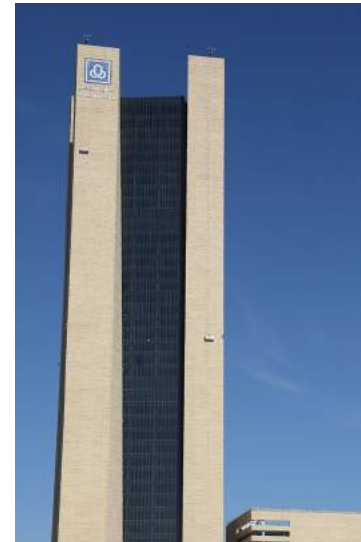

Our many years of experience in the industry have allowed us to acquire the talent and skills needed to execute all types of finishing projects. Our attention to detail is unsurpassed.

At Nesma Orbit we will always endeavor to provide the very best services, products and expertise for our customers. When it comes to exceptional creative design and finishing, let us be your partner of choice.
