semiprecious stones

# SUBLIME Collection

Part of the nature's repertoire, these stones are exceptional raw masterpieces, admired and appreciated since ancient times have been classified by their gems under the renowned name of semiprecious stones.

Created in nature's mysterious laboratories, over many thousands years, these stones are just one of the source from where the absolute beauty originated.

Their structure is a perfect architecture of small crystals coming in an infinite array of colors and depth.

These semiprecious stones expressing the essences of elegance, class and beauty are the ultimate touch of perfection for any interior, from classic

to modern, from romantic to contemporary...

Touches of gold and silver, a large choice of texture and colors expand and enhance their ability to fit any interior or design.

We can create unique, exclusive pieces with any dimensions and also a variety of applications including kitchen & bathroom surfaces, work surfaces, counter tops, floors, walks, furniture, special features and more.

We pride ourselves in the fact that all our products are handmade and possibility of our client to supervise the manufacturing process. This way we are sure that MAER Charme quality and design will exceed your expectations and you will establish a personal relationship with the product.

Everyone needs a quiet nook to be alone with their thoughts. To enhance that sense of peace and quiet, the possibilities are endless, especially when it comes to utilizing the natural creations of antiquity to achieve a timeless beauty. Heavy material with earth tones adds a rustic yet chic look to any interior space.

# ONYX Collection

From ancient Rome to modern-day Saudi Arabia, the seductive beauty of onyx has been used to produce shimmering, semi-translucent interior walls.

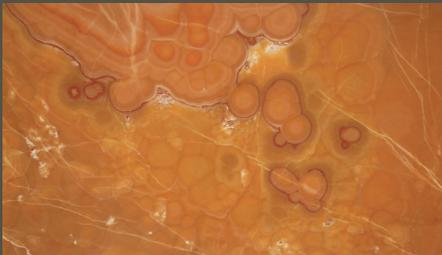

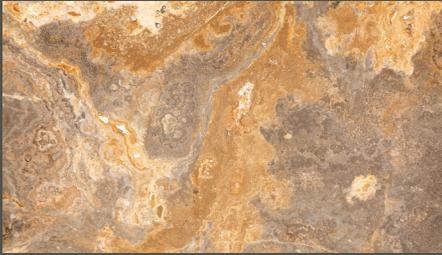

Formed within the lava that once flowed from volcanoes, onyx offers banded color combinations that are not found in other naturally occurring gemstone. Its translucence translates into a rich, milky veneer that can soften hard edges and, with the various colors and patterns, add a sense of majesty to those spaces that demand it.

1. Onyx Arco Iris
2. Onyx Avorio
3. Onyx Bianco Bookmatch
4. Onyx Jade Green
5. Onyx Cappuccino
6. Onyx Grey CC
7. Onyx GreyVC
8. Onyx Honey

**Onyx can be used to give any environment a unique vibrancy, but our various onyx offerings can be perused so as to choose the type that matches your needs. Smooth, lightly striated onyx can be soothing and warm while multi-banded examples bring a vivaciousness that is unique to this stone that has been in use for millennia.**

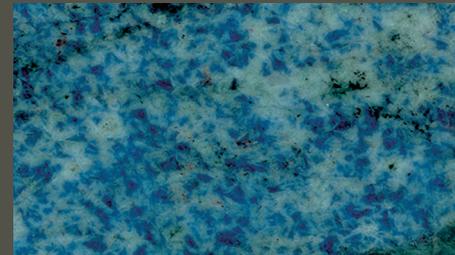

1. Onyx Black CC
2. Onyx Kilimangaro
3. Onyx Blue CC
4. Onyx Multicolor
5. Onyx Nuvolato
6. Onyx Pink
7. Onyx Orange
8. Onyx Sunrise

# MARBLE & STONE Collection

The unparalleled beauty of these ageless and most durable materials easily expresses the intertwining of modernity and antiquity.

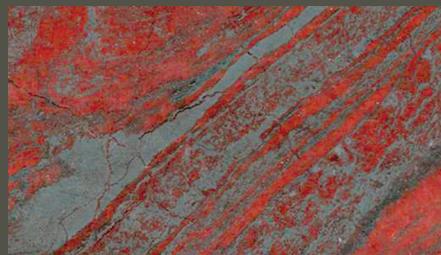

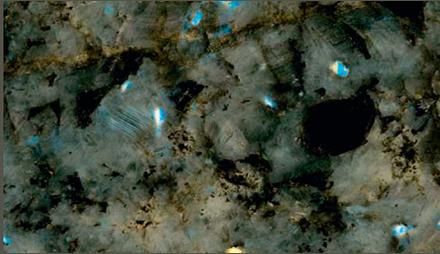

**Ancient lore says labradorite fell to modern-day Canada from the frozen fire of the Aurora Borealis and has curative powers, as well. Neither appears to be true but it is easy to see how the beauty of this unique stone could provoke the creation of such myths. Its varied colors and patterns can bring an almost space-age look to your project.**

1. Amazon Brown CC
2. Amazon Brown VC
3. Autumn Green
4. Azul Bahia
5. Azul Macaubas
6. Black Fusion
7. Dragon Black
8. Portoro Gold

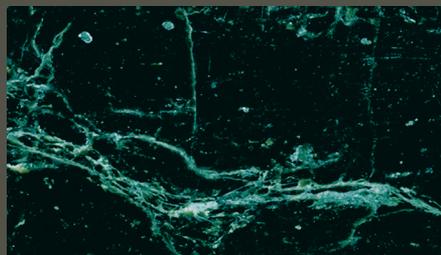

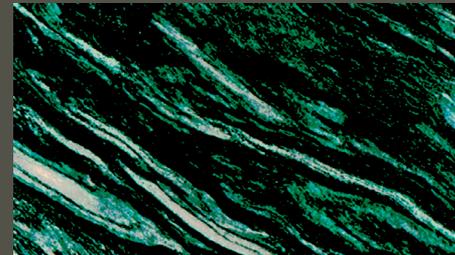

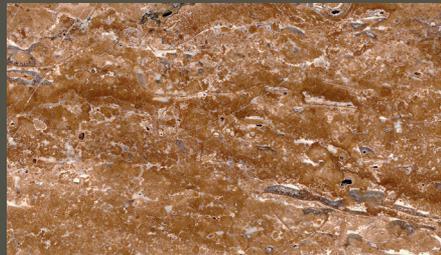

Labradorite is a stunning stone infused with greens and blues that accent a metallic iridescence. These unique characteristics allow labradorite to provide a sense of depth to any flooring design that utilizes it. Nesma Orbit artisans can show you how to turn any floor into a work of artistic expression.

- 9. Labradorite C
- 10. Labradorite Bianco
- 11. Labradorite Multicolor
- 12. Zebrino
- 13. Golden Macaubas
- 14. Beauty Brown
- 15. River Black Gold
- 16. Iron Red

**Travertine, a type of limestone, is the primary material used to build the Roman Colosseum and continues to be one of the most widely used building materials today. Cherished mainly for its rich, red hues. Travertine adds both color and durability to any project.**

- 17. Travertine Red
- 18. Travertine Titanium
- 19. Travertine Titanium Dark
- 20. Tiffany Blue
- 21. Travertine Noce
